TEACHING EXPERIENCE

Student Teaching Experience

Newton High School, Newton, KS

January 2024- May 2024

- Creating connections with students through facilitating a fun and inclusive environment.
- Collaborating with cooperating teachers to develop lessons to meet the needs of students in Exploratory Agriculture, Plant and Animal Science, Agriscience, Introduction to Agricultural Mechanics, Pre-Vocational Welding, and Horticulture.
- Developing classroom management skills through teaching students with various types of challenging behaviors.

Practicum Experience

St. Marys Junior/Senior High School, St. Marys, KS

November 2023

- Facilitated experiments about types of fibers, their characteristics, and how fibers are processed into fabrics with the 8th grade Introduction to Agriculture class with 9 students.
- Adapted lesson to fit the needs of the students.

Eisenhower Middle School, Manhattan, KS

November 2023

- Utilized CASE and instructed the 8th grade science class with 25 students about how the agricultural industry has improved the way we obtain essential products.

Chapman High School, Chapman, KS

September- October 2023

- Developed engaging plans and taught two lessons to the Agriscience class with 19 students about the milk industry, dairy breeds, and types of cheeses.

Interactive Field Experience

Buhler High School, Buhler, KS

November 2022

- Observed Miss Cain's middle school agricultural classes and gained advice from Mr. Clark about record keeping for student's supervised agricultural experiences (SAE).

Tonganoxie High School, Tonganoxie, KS

October 2022

- Observed Mrs. Shartz adapt her lesson plan for her Agriscience class based on behaviors of students.

Interactive Field Experience Continued

Southeast of Saline High School, Gypsum, KS

September 2022

- Observed Mrs. Petty use a combination of direct instruction and open discussion with her classes.

ADDITIONAL EXPERIENCE

Brackenridge Family, Benton, KS

May 2023- Present

Nanny

- Transport children to appointments, camp, school, and 4-H activities in a timely manner.
- Assist children with 4-H projects (cattle, pigs, woodworking, and clothing) and guide them in learning new skills.
- Coordinate meals, assist with house chores, and support children's activities.

Agricultural Education Club

August 2022- December 2023

Service Committee Co-Chair

- Organized monetary donations for Manhattan Emergency Shelter and bought needed items.
- Organized College of Agriculture Open House T-Shirt fundraiser and raised \$2,000.
- Communicated and collaborated with the service committee co-chair, advisors, t-shirt designer, other club advisors, and agricultural education club members.

UFM Teen Mentoring, Manhattan, KS

August 2022- May 2023

Mentor

- Counseled a diverse group of middle and high school students about drugs and alcohol, healthy relationships, social media, anger management, and mental health.

Chisholm Creek Pet Resort, Kechi, KS

June 2021- August 2022

Dog Bather, Office Staff Member

- Recognized by the supervisor for work ethic, timeliness, and quick learning.
- Received a raise after working for one summer due to my work ethic and flexibility.
- Communicated on the telephone and in person with owners about services received.

4-H Club, Butler County, KS

October 2009- September 2021

President, Vice President, Parliamentarian, Council Member, Alternative Council Member

- Trained younger members how to take care of their calves' hair, feed appropriate rations, and advised them in record keeping on their cattle projects.
