5. You will be asked to create your student login. This login will be used for your school email and access to MATCOnline. It is suggested that you try to use your first and last name if it is available. (Note-refrain from using any username that would be considered inappropriate. If your username is deemed inappropriate, you will be forced to change it.)

*If you ever need to reset your password, you will also be able to do so in the "help" tab.
