Instructions *(Please read carefully before ordering. For more information about this program and testing, visit the Pesticide and IPM Program website at: k-state.edu/pesticides-ipm)*

The General Manual is required for all categories and subcategories. Other manuals are for particular categories or subcategories. Study both the General Manual and one category/subcategory to prepare for certification.

Applicants have three months from the release of a revised manual to specify whether they want to test from the old or newly revised manual in that category. See item descriptions for details. If you're ordering to replace a manual you already have, check the K-State Research and Extension Bookstore website at bookstore.ksre.ksu.edu for date of publication. If the date is the same, the revised manual is not yet available.

Order online at bookstore.ksre.ksu.edu or by mail or fax to the Department of Communications and Agricultural Education.

Do not send payment with this order. You will be billed for the cost of the manual(s) plus tax and shipping. Credit card payment is also accepted.

RETURN POLICY

Publication returns will be accepted only from county offices, area offices, and departments. No returns will be accepted for videos, DVDs, CD-ROMs or software. Publications must be returned within 60 days of ship date, in original condition and include a copy of the original invoice. A credit will be issued to your account at the regular price, less a return fee of 25% of the catalog price (\$5.00 minimum).

Shipping: Orders will be shipped via the most economical method, unless otherwise indicated.

Campus Pickup 1st Class UPS Fed Ex
